REF : MSC-387 (LTS-748)

1) Attached please find Munich's suggestions regarding the handling of operational details involved in laying on subject operation. We approve this operation, with only minor modifications as to the exercise of control by SC Berlin. We believe best to authorize establishment of direct contact between subject and a CIG officer if this is deemed necessary in the light of current developments of this operation. Subject should also be instructed to file a bi-weekly progress report in the manner prescribed under 2 (b). Furthermore, adequate facilities should be provided for subject to pick up briefs and instructions. These instructions should purport to emanate from Munich and should bear the type-written signature "George Bell".

2) We find the cover-story explaining GULL's presence in Berlin inadequate from the point of view of failing to allow for the exceptional circumstances of this case. The cover-story should be revised to read:
